## SUBMITTED RESOLUTIONS

## SENATE RESOLUTION 501—EX-PRESSING THE SENSE OF THE SENATE ON RUSSIAN MILITARY AGGRESSION

Mr. PERDUE (for himself, Mr. JOHN-SON, Mrs. SHAHEEN, Mr. MENENDEZ, Mr.

RISCH, and Mr. GARDNER) submitted the following resolution; which was referred to the Committee on Foreign Relations:

## S. RES. 501

Whereas, on May 25, 1972, the United States and the Soviet Union signed the Agreement Between the Government of The United States of America and the Government of The Union of Soviet Socialist Republics on the Prevention of Incidents On and Over the High Seas (the "Agreement"); Russia and the United States remain parties to the Agreement;

Whereas Article IV of the Agreement provides that "Commanders of aircraft of the Parties shall use the greatest caution and prudence in approaching aircraft and ships of the other Party operating on and over the high seas, and . . . shall not permit simulated attacks by the simulated use of weapons against aircraft and ships, or performance of various aerobatics over ships";

Whereas, on January 25, 2016, a Russian Su-27 air-superiority fighter flew within 15 feet of a United States Air Force RC-135U aircraft flying a routine patrol in international airspace over the Black Sea;

Whereas, on April 11, 2016, the USS DONALD COOK, an Arleigh-Burke-class guided-missile destroyer, was repeatedly buzzed by Russian Su-24 attack aircraft while operating in the Baltic Sea. United States officials described the low-passes as having a "simulated attack profile";

Whereas, on April 12, 2014, a Russian Su-24 again conducted close-range low altitude passes for about 90 minutes near the DONALD COOK;

Whereas the United States European Command expressed "deep concerns" about the April 11 and 12, 2016, Russian close-range passes over the DONALD COOK and stated that the maneuvers were "unprofessional and unsafe";

Whereas, on April 14, 2016, a Russian Su-27 barrel-rolled over a United States reconnaissance aircraft operating in international airspace over the Baltic Sea, at one point coming within 50 feet of the United States plane. The Pentagon condemned the maneuver as "erratic and aggressive";

Whereas, on April 20, 2016, Russian Permanent Representative to the North Atlantic Treaty Organization (NATO) Alexander Grushko accused United States military aircraft and vessels operating in international waters as attempting "to exercise military pressure on Russia" and promised to "take all necessary measures [and] precautions, to compensate for these attempts to use military force";

Whereas, on April 29, 2016, another Russian Su-27 performed another barrel-roll over a United States Air Force RC-135 reconnaissance plane, this time coming within approximately 100 feet of the aircraft;

Whereas the commander of the United States Cyber Command, Admiral Mike Rogers, warned Congress during a Senate hearing that Russia and China can now launch crippling cyberattacks on the electric grid and other critical infrastructures of the United States;

Whereas Russia's military build-up and increasing Anti-Access/Area Denial capabilities in Kaliningrad and its expanded operations in the Arctic, the Black Sea, the eastern Mediterranean Sea, and in Syria aim to deny United States access to key areas of Eurasia and often pose direct challenges to stated United States interests;

Whereas the United States has determined that in 2015, Russia continued to be in violation of obligations under the Treaty between the United States of America and the Union of Soviet Socialist Republics on the Elimination of their Intermediate-Range and Shorter-Range Missiles (the "INF Treaty"), signed in Washington, D.C. on December 8, 1987, and entered into force June 1, 1988, not to possess, produce, or flight-test a ground-launched cruise missile with a range capability of 500 km to 5,500 km, or to possess or produce launchers of such missiles; and

Whereas General Philip Breedlove, Commander of United States European Command, stated that "we face a resurgent and aggressive Russia, and as we have continued to witness these last two years, Russia continues to seek to extend its influence on its periphery and beyond"; Now, therefore, be it

*Resolved*, That the Senate—

(1) condemns the recent dangerous and unprofessional Russian intercepts of United States-flagged aircraft and vessels;

(2) calls on the Government of the Russian Federation to cease provocative military maneuvers that endanger United States forces and those of its allies;

(3) calls on the United States, its European allies, and the international community to continue to apply pressure on the Government of the Russian Federation to cease its provocative international behavior; and

(4) reaffirms the right of the United States to operate military aircraft and vessels in international airspace and waters.

## SENATE RESOLUTION 502—DESIGNATING JUNE 20, 2016, AS "AMERICAN EAGLE DAY" AND CELEBRATING THE RECOVERY AND RESTORATION OF THE BALD EAGLE, THE NATIONAL SYMBOL OF THE UNITED STATES

Mr. ALEXANDER (for himself and Mr. DURBIN) submitted the following resolution; which was considered and agreed to:

## S. RES. 502

Whereas the bald eagle was chosen as the central image of the Great Seal of the United States on June 20, 1782, by the Founding Fathers at the Congress of the Confederation;

Whereas the bald eagle is widely known as the living national symbol of the United States and for many generations has represented values such as—

- (1) freedom;
- (2) democracy;
- (3) courage;
- (4) strength;
- (5) spirit;
- (6) independence;
- (7) justice; and
- (8) excellence;

Whereas the bald eagle is unique only to North America and cannot be found naturally in any other part of the world, which was one of the primary reasons the Founding Fathers selected the bald eagle to symbolize the Government of the United States;

Whereas the bald eagle is the central image used in the official logos of many branches and departments of the Federal Government, including—

- (1) the Executive Office of the President;
- (2) Congress;
- (3) the Supreme Court;
- (4) the Department of Defense;
- (5) the Department of the Treasury;
- (6) the Department of Justice;
- (7) the Department of State;
- (8) the Department of Commerce;
- (9) the Department of Homeland Security;
- (10) the Department of Veterans Affairs;
- (11) the Department of Labor;
- (12) the Department of Health and Human Services;
- (13) the Department of Energy;

(14) the Department of Housing and Urban Development;

(15) the Central Intelligence Agency; and

(16) the United States Postal Service;

Whereas the bald eagle is an inspiring symbol of the spirit of freedom and the sovereignty of the United States;

Whereas the image and symbolism of the bald eagle has played a significant role in art, music, literature, architecture, commerce, education, and culture in the United States, and on United States stamps, currency, and coinage;

Whereas the bald eagle was once endangered and facing possible extinction in the lower 48 States, but has made a gradual and encouraging comeback to the lands, waterways, and skies of the United States;

Whereas the dramatic recovery of the national bird of the United States is an endangered species success story and an inspirational example to other environmental, natural resource, and wildlife conservation efforts worldwide;

Whereas, in 1940, noting that the species was "threatened with extinction", Congress passed the Bald Eagle Protection Act (16 U.S.C. 668 et seq.), which prohibited killing, selling, or possessing the species, and a 1962 amendment expanded protection to the golden eagle, thereby establishing the Bald and Golden Eagle Protection Act;

Whereas, by 1963, there were only an estimated 417 nesting pairs of bald eagles remaining in the lower 48 States, with loss of habitat, poaching, and the use of pesticides and other environmental contaminants contributing to the near demise of the national bird of the United States;

Whereas the bald eagle was officially declared an endangered species in 1967 under the Endangered Species Preservation Act of 1966 (Public Law 89-669; 80 Stat. 926) in all areas of the United States south of the 40th parallel due to the dramatic decline in the population of the bald eagle in the lower 48 States;

Whereas the Endangered Species Act (16 U.S.C. 1531 et seq.) was signed into law in 1973 and, in 1978, the bald eagle was listed as "endangered" throughout the lower 48 states, except in Michigan, Minnesota, Oregon, Washington, and Wisconsin, where it was designated as "threatened";

Whereas, in July 1995, the United States Fish and Wildlife Service announced that bald eagles in the lower 48 States had recovered to the point where populations of bald eagles previously considered "endangered" were now considered "threatened";

Whereas, by 2007, bald eagles residing in the lower 48 States had rebounded to approximately 11,000 pairs;

Whereas the Department of the Interior and the United States Fish and Wildlife Service removed the bald eagle from Endangered Species Act protection on June 28, 2007, but the species continues to be protected under the Bald and Golden Eagle Protection Act of 1940 (16 U.S.C. 668 et seq.), the Migratory Bird Treaty Act of 1918 (16 U.S.C. 703 et seq.), and the Lacey Act and the amendments thereto (16 U.S.C. 3371 et seq.);

Whereas the trained, educational bald eagle "Challenger" of the American Eagle Foundation in Pigeon Forge, Tennessee, was invited by the Department of the Interior to perform a free-flight demonstration during the official bald eagle delisting ceremony held at the Jefferson Memorial in Washington, DC;

Whereas experts and population growth charts estimate that the bald eagle population could reach 15,000 pairs, even though a physical count has not been conducted by State and Federal wildlife agencies since 2007;

Whereas caring and concerned agencies, corporations, organizations, and people of the United States representing the Federal, State, and private sectors passionately and resourcefully banded together, determined to save and protect the national bird of the United States;

Whereas the recovery of the bald eagle population in the United States was largely accomplished due to the dedicated and vigilant efforts of Federal and State wildlife agencies and non-profit organizations, such as the American Eagle Foundation, through public education, captive breeding and release programs, hacking and release programs, and the translocation of bald eagles from places in the United States with dense bald eagle populations to suitable locations in the lower 48 States which had suffered a decrease in bald eagle populations;

Whereas various non-profit organizations, such as the Southeastern Raptor Center at Auburn University in the State of Alabama, contribute to the continuing recovery of the bald eagle through rehabilitation and educational efforts;

Whereas the bald eagle might have been lost permanently if not for dedicated conservation efforts and strict protection laws like the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.), the Bald and Golden Eagle Protection Act of 1940 (16 U.S.C. 668 et seq.), the Migratory Bird Treaty Act of 1918 (16 U.S.C. 703 et seq.), and the Lacey Act and the amendments thereto (16 U.S.C. 3371 et seq.); and

Whereas the sustained recovery of the bald eagle population will require the continuation of recovery, management, education, and public awareness programs to ensure that the population numbers and habitat of the bald eagle will remain healthy and secure for generations to come: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates June 20, 2016, as "American Eagle Day";

(2) applauds the issuance of bald eagle commemorative coins by the Secretary of the Treasury as a way to generate critical funds for the protection of the bald eagle; and

(3) encourages—

(A) educational entities, organizations, businesses, conservation groups, and government agencies with a shared interest in conserving endangered species to collaborate and develop educational tools for use in the public schools of the United States; and

(B) the people of the United States to observe American Eagle Day with appropriate ceremonies and other activities.

S. RES. 503

Whereas World Refugee Day is a global day to acknowledge the courage, strength, and determination of women, men, and children who are forced to flee their homes due to conflict, violence, and persecution;

(9) approximately 95,000 women, men, and children, including many persecuted Rohingya refugees from Burma, have departed on the boats of smugglers in the Bay of Bengal since 2014, more than 1,100 of whom have died at sea;

Whereas refugees who are women and girls are often at a greater risk of sexual violence and exploitation, forced or early marriage, human trafficking, and other forms of gender-based violence;

Whereas the United States is the largest donor to UNHCR and provides critical resources and support to international and nongovernmental organizations working with refugees around the world; and

Whereas since 1975, the United States has welcomed more than 3,000,000 refugees who are resettled in communities across the country: Now, therefore, be it

*Resolved*, That the Senate—

(1) reaffirms the commitment of the United States to promote the safety, health, and well-being of the millions of refugees, including the education of refugee children and displaced persons who flee war, persecution, or torture in search of peace, hope, and freedom;

(2) calls upon the United States Government—

(A) to continue its international leadership role in response to those who have been displaced, including the most vulnerable populations who may endure sexual violence, human trafficking, forced conscription, persecution, or exploitation;

(B) to find solutions to existing conflicts and prevent new conflicts from beginning;

(C) to provide humanitarian and development support to countries around the world that are hosting millions of refugees to alleviate social and economic strains placed on host communities; and

(D) to encourage the international community to increase resources to address current and projected refugee crises;

(3) commends those who have risked their lives working individually and for nongovernmental organizations and international agencies such as UNHCR who have
